# Grow with Pathfinder

The **Pathfinder New Lab Start -Up Program** is our way of walking this path with you. Whether you are a postdoctoral researcher, a newly independent PI, or an established investigator opening or relocating a laboratory, the program offers essential reagents and consumables, personalized product guidance, and expert support. Every component is designed to help you move your science forward with confidence.

## Exclusive Cost Savings

- One-time 50% discount on ALL reagents, up to a \$5,000 value
- One-time 50% discount on ALL consumables, up to a \$5,000 value

## Academic YamayBio Team Support

- Product selection and experimental setup consultation
- Regulatory and compliance support

## Co-Creation with YamayBio Social Media Accounts

- Share case studies, lab experiences, or collaborative publications
- Inspire fellow scientists to find their own path

It's completely free to register, and there is no commitment required. Your information just helps us match you with the most suitable Pathfinder representative.
